DELIVERING
A NEW DEAL
FOR WORKERS

**The Employment Rights Bill is currently making its way through Parliament. Campaigning from Usdaw reps and Officials has delivered a Bill that would:**

- Ban exploitative zero-hours contracts and provide a right to a regular-hours contract.
- Make Statutory Sick Pay available from day one of absence and to all workers, regardless of income.
- Deliver day-one employment rights, including challenging an unfair dismissal.

**If you support these rights, please take the time to contact your MP by scanning the QR code or visiting: www.usdaw.org.uk/ERBemailMPApril**
